Podcasting: Extending the Reach of a Library Lecture Series

Ann Hubble, University of California, Santa Cruz
S&E Library, ahubble@ucsc.edu

Synergy Lecture Series:

http://library.ucsc.edu/science/synergy/

Synergy podcasts were made using:

a) Movable Type blogging software:
http://www.sixapart.com/movabletype/

b) *MT-Enclosures Plugin* and the *MTEntryEnclosures tag* from Brandon Fuller:
http://brandon.fuller.name/archives/hacks/mtenclosures/

An enhanced podcast of this poster is available:

http://library.ucsc.edu/science/podcasts/CARL2006

Enhanced podcast chapter markers are best viewed in iTunes. If you wish to view the podcast via your browser and are using a Macintosh computer, you may need to update your QuickTime plugin to 7.0.4.

The enhanced podcast was made using:

a) Microsoft *Powerpoint*, Apple's *Garageband3* and *iWeb* software. *Garageband*, *iWeb* and *iTunes* are part of Apple's *iLife '06*.
